Love Island star India Reynolds showed her saucy side as she stripped naked in a shoot before entering the villa.

The 28-year-old Page 3 model sent pulses racing as she posed completely starkers for the snaps in a hotel.

Invitingly perched on a chair, India flaunts her toned physique while wearing a pink matching underwear set, flower and heels.

In another snap, India can be seen dramatically looking over her shoulder as she rests her leg on the seat.

But it isn't too long before she strips entirely naked, with only the flower left in her hair.

Moving around the room, the model leans on the hotel wall as she seductively looks down to the floor.

While one snap shows the Islander cheekily clutching her breasts.

In the final snap, she puts one hand on her as she confidently walks towards the camera.

This isn't the first time India has posed naked.

As well as her work for Page 3, the star has also modelled for sex toy company Love Honey.

The saucy hotel snaps come days after the star was caught in a love triangle with fellow Islanders Anna Vakili and Jordan Hames.

Little to India's knowledge, Jordan revealed his head had been turned despite being coupled up with Anna.

Opening up to Curtis Pritchard, he said: "I feel like over the past couple of days I've had a few good conversations with India, and I'm finding myself looking forward to bumping into her in the villa and having conversations with her.

"It's just made me sit back and think you, know?"

Despite Jordan admitting he fancied her on last night's episode, India stuck with villa favourite Ovie Soko.

The pair appear stronger than ever after hitting it off following India's arrival last week.

Before going into the villa, she said: "I want to have a good time and I don't like falling out with people so hopefully I can be friends with the girls and gorgeous Ovie will still be single for me."
